

THE LEADER'S GUIDE FOR THE JOYCHIEVER JOURNEY

◀ YOUR ROADMAP TO DRIVE BUSINESS RESULTS ▶

INCREASE ENGAGEMENT, PREVENT BURNOUT AND FOCUS ON JOY WHILE DRIVING BUSINESS RESULTS

Businesses are on the precipice of change. Experts say that leaders have a once in a lifetime opportunity to leverage the pandemic disruption to evolve to a more human-centric business model—to look at employees as people, not just workers. **The Joychiever Journey** provides a roadmap to begin this transformation for both employees and their managers.

The Leader's Guide for the Joychiever Journey workshop provides valuable strategies, tips and best practices to help leaders:

- 1) Discover their own true selves first
- 2) Navigate well-being, engagement and burnout pitfalls
- 3) Proactively cultivate joy while simultaneously propelling business performance

By the end of this program, leaders will be able to:

- Understand the interplay between well-being, engagement and burnout and why managers need to focus on all three to bolster retention
- Utilize the 7 True Self Stops of the Joychiever Journey to find holistic self-clarity and sustainable joy
- Define and develop a human-centric workplace
- Deploy work-life blend strategies to prevent burnout while pursuing business objectives
- Cultivate a deeper connection between an employee's values, interests, purpose and the workplace
- Nurture positive relationships and inter-connectedness for individuals and teams in any workplace model
- Explore job crafting as a way to leverage an employee's strengths and sense of purpose

When employees have holistic self-clarity, they bring their best selves to work. Fostering an environment that encourages an engaged, invigorated team is the surest path to results.
